*NOTE: All Obsidian INFINITE Systems are supplied with a matching Recommended Projector to produce best results. Option to upgrade to Premium Projector models is available.*

**Product Description:** Utilizing Obsidian Nanofilter Technology<sup>™</sup>, Obsidian INFINITE seamlessly provides unprecedented ambient light rejection and enables vivid colours and deep blacks that would normally only be possible in a fully darkened home theater. Now you can enjoy your home theater in any room or lighting conditions throughout your home!

An Enhanced version, Obsidian INFINITE+, is also available as an *Optional Upgrade* that lets you enhance the viewing experience for your entire audience with the addition of advanced optical light-bending materials providing a more uniform and brighter viewing experience from all viewing angles while still maintaining the high-contrast and benefits of our Obsidian Nanofilter Technology<sup>™</sup>.

**Recommended applications:** Residential spaces, Living Rooms, Open-Concept Spaces & Home Theaters where high-contrast performance is essential and you no longer wish to be limited by the ambient lighting conditions of your room.

**Recommended Projectors:** Screens utilizing Obsidian Nanofilter Technology<sup>™</sup> are designed for optimal performance with *select* 3LCD projectors. All Obsidian INFINITE Systems are supplied with a matching projector for best results & experience. Option to upgrade to premium projector models is available.

For installations with pre-existing DLP projectors, screens utilizing Obsidian Nanofilter Technology<sup>™</sup> will still produce excellent results.

**Technical Information:** Screen Gain 0.55

**Mounting method:** Obsidian INFINITE is produced and delivered 'Hang-Ready' using a French Cleat mounting system which goes up in minutes; All mounting hardware included.

**Framing:** All Obsidian screens are supplied with a durable low-profile contrast trim, with the option to swap to a Tensioned Fixed-Frame system for easier installation and transportation through narrow spaces [Assembly Required].
